**DISSOLUTION**

21. The Guild may be dissolved by a resolution passed by a two-thirds majority of those present (in person or by proxy) and voting at an extraordinary general meeting convened for the purpose of which twenty-one days’ notice shall have been given to the Members. Such resolution may give instructions for the disposal of any assets held by or on behalf of the Guild provided that if any property remains after the satisfaction of all debts and liabilities such property shall not be paid to or distributed among the Members but shall be
given or transferred to such other charitable institution or institution having objects similar to some or all of the objects of the Guild as the Members may determine and if and insofar as effect cannot be given to this provision then to some other charitable purpose.

APPENDIX 1

Certificates of Competency and Certificates of Service referred to in Rules 3.3 and 5.3.2

1. Certificates of Competency and Certificates of Service for Marine Engineer Officers as issued at any time by the relevant UK government department or agency for service in foreign going vessels, including Classes 1 to 4 for Steamships, Motorships or Combined Steamship and Motorships.

NB Class 3 and Class 4 Certificates came into use with the Merchant Shipping Act of 1970. Engineer Officers who were at sea before this became law, and who held positions which now require a Certificate of Competency will be eligible for consideration for relief.

2. Machinery Charge Qualifications held by Royal Navy Marine Engineer Officers, and Marine Engineer Officer of the Watch Qualification (I), previously known as the Unit Watchkeeping Certificate, held by Royal Navy Warrant Officers and Petty Officers.

3. Certificates of Competency and Certificates of Service for Marine Engineer Officers as a Class 1 Engineer (Fishing) issued by the Maritime Coastguard Agency or as a Chief Engineer issued by Trawler Insurance Companies, subject to having served as a Chief Engineer on trawlers and/or offshore support vessels.

4. Certificates issued by any government which are approved by the International Maritime Organisation as meeting the STCW 78, as amended, Convention requirements, and are equivalent to the above list.

5. Non-British qualifications which are equivalent to 1 and 2 above will allow the holder to be eligible for consideration for relief.

6. Marine Electrical Engineer Officers. There are no formal qualifications prior to the 2010 Amendments to STCW, but the Trustees would expect that an apprenticeship, or equivalent, with a minimum of four years sea service supported by service records would be required to establish their designation and level of duties or a Certificate of Competency issued in accordance with Regulation III/6 of STCW 78, as amended.

Notes:

1 Rule 8.5 of the Rules of the Guild provides that “A resolution in writing, signed by a majority of the Committee Members for the time being, shall be as valid and effectual as if it had been passed at a meeting of the Committee duly convened and held.”

2 The effective date of the resolution is the date when at least five signatures have been added above.

3 A copy of this resolution has been sent to each Member of the Committee. Any Committee Member not wishing to sign the resolution should sign below to confirm their receipt of a copy of the resolution.
DONATIONS TO THE GUILD

Donations to the Guild from those interested in marine engineering, science and technology, or allied industries are always welcome. Because the Guild is a registered charity, if you are a UK taxpayer you can make donations to the Guild in ways which take advantage of tax relief.

LIFETIME GIFTS

Gift Aid

This can be used for any cash donation of any size. Your donation can be treated as a payment from which basic rate tax has been deducted and the Guild can reclaim the tax. For example, a £100 donation will therefore be worth over £125 to the Guild. Any donation should be made by cheque made payable to “The Guild of Benevolence of the Institute of Marine Engineering Science and Technology” or “Guild of Benevolence IMarEST”. If you make such a donation, you will receive from the Guild a Gift Aid form to complete and return.

If you are a higher rate taxpayer the net cost to you for a £100 donation will be just under £77 (assuming a basic rate of tax of 20%).

You can use Gift Aid to pay the annual membership subscription.

If you wish to make Gift Aid donations to the Guild, please contact the Guild Secretary.

LEGACIES

You may wish to include in your will a gift to the Guild either of a fixed sum or of part of your residuary estate. Such a gift is exempt from inheritance tax. It is important that the Guild is correctly named in the will as “The Guild of Benevolence of the Institute of Marine Engineering Science and Technology (registered charity no. 208727)”. It is advisable to state in the will that the receipt of the Honorary Treasurer or other apparently proper Officer of the Guild shall be a full discharge to the Executors.
