“
A global community dedicated
to driving innovation and
excellence in marine engineering,
science and technology.
”

“
The networking opportunities,
knowledge sharing and access
to the cutting-edge resources
have been invaluable.
”

The Institute of Marine Engineering, Science and Technology (IMarEST) is the international professional body and learned society for all marine professionals. Across 120 countries we bring together over 12,500 marine engineers, scientists and technologists into one international multi-disciplinary membership body.

“
The IMarEST is your passport
to a dynamic world of
maritime innovation and
expertise.
”

We work with a broad range of organisations in the marine industry, including our Marine Members – an exclusive community representing members from our engineering, science and technology network. Partnering with the IMarEST allows you to collaborate with this unique network of pan-sector marine professionals, supporting growth for your business and helping to shape the profession.
