Lubricants & Specialties

Dear Mr. Idnani,

We would like to thank you for the great services your institute provided to us when Total hosted our Middle East version of the TOTAL GLOBAL SULFUR CAP FORUM in conjunction with the IMarEST UAE branch on 13 June 2019 in Dubai. There was clearly a lot of thought including attention to details in the organizing resulting in a successful seminar which helped strengthen Total brand as a global maritime industry leader.

From the 210 turnout and the very positive feedback we received from the participants both on the content and organization, it is evident that the branch has a high reputation and makes a major contribution to maritime knowledge sharing in the region. Furthermore, we warmly thank you for your achievements considering all your work is done pro bono on a voluntary basis yet maintaining the highest level of professionalism.

Total appreciates the effort of the IMarEST and it would be our pleasure to co-host another forum in the future. We sincerely wish the IMarEST UAE branch all the best.

Sincerely Yours,

Serge DAL FARRA
Marketing Director
Total Lubmarine
