J.H. Fenner & Co Ltd

A History of this Long-Established Local Engineering Company
Presented by Bryan Burton C.Eng. M.I.Mech.E

All members, guests and visitors welcome - this lecture qualifies for CPD

Bryan Burton will present a history of this well-known and long-established engineering company founded in Hull in the 1860's. Bryan will discuss the company's global reach, its product lines (including marine applications) and a few personal memoirs from his time working there.
